History

ERCO was founded in 2005. We are an Educational Consulting Firm that specializes in authorizing community schools.

Mission Statement

To provide a strong foundation of resources, oversight, guidance, and leadership both to and in partnership with educational leaders of community schools serving children and society.

Vision Statement

To promote high quality charter schools in Ohio through strong academic performance and financial viability.

Core Values

Integrity: We will do what we say...and expect the same in return.

Quality: We will continually strive for excellence individually and collaboratively.

Respect: We will exhibit professionalism with each other and our stakeholders.

Accountability: We hold ourselves to these core value.

Sponsor's Annual Statement

Educational Resource Consultants of Ohio, Inc. (ERCO), sponsor of community schools, is legally mandated to provide oversight, monitoring and technical assistance. All community school sponsors are required to submit a written report of the evaluation results of the

Schools academic, financial, and organizational performance as well as the school's legal compliance to the Ohio Department of Education. This report must be made available to parents of students enrolled in the community school by November 30th of each year (OAC3301-102-05 (A) (3)). An annual report regarding the performance of this school and other schools under the sponsorship of ERCO will be posted on our website www.ercoinc.org no later than November 30th of the current school year. Parents are urged to review this report, as well as other monitoring and evaluation reports concerning the school. These reports are available at the school, or the sponsor's office. The reports are generated to provide you with a full comprehensive understanding of the school's performance.

HISTORY OF ERCO

Overview of the Company:

The Educational Resources Consultants of Ohio (ERCO) is a non-profit, educational organization that specializes in authorizing, monitoring, evaluating, and providing technical support for Ohio charter schools.

History of the Company:

ERCO opened its doors for business in February 2005, offering services to Ohio charter/community schools, which must by state law be authorized or "sponsored" by an entity like ERCO, which provides oversight in accordance with State of Ohio standards.

When founded, ERCO was one of many community school sponsors authorized by the Ohio Department of Education (ODE) to offer operating contracts to the 270 Ohio community schools in existence then. ERCO held, in its early years, operating contracts for fifteen (15) schools. Today, ERCO holds operating contracts for more than twenty schools which serve thousands of students.

Michael Kelly has over 40 years in education in a variety of settings including, parochial, public and charter settings. He received his B. A. from Wabash College in 1977 and a M. Ed. in Educational Leadership from the University of Cincinnati in 1987.

His mission is to focus on improving the educational opportunities for students and improving student achievement. In order to do this, he works with the adults in the schools to create situations where a focus on adult actions results in the improved achievement for students. I have leadership experience at multiple levels including high school, middle school, central office, and most recently at the elementary level.

His recent experiences over the past 15 years, have been focused on school improvement. He has been trained as an Ohio Improvement Process Facilitator. This has prepared him to work with BLTs in going through the Decision Framework and then developing a focused plan. He has assisted building leadership teams through the process of collecting and using data to define a small number of focused goals designed to improve student achievement through changing the adult behaviors of teachers. Building these collaborative structures of TBTs to really focus on what works for students is the key to successful school improvement.

These opportunities have allowed me to experience the whole process in various districts and buildings, all with diverse challenges and demands. As public education continues to maneuver through this time of extraordinary change, he has the energy and enthusiasm and drive to be a force for positive change.

Sean Fraunfelter Accounting Services has performed GAAP conversions for local governments since 2000 with over fifty reports being completed under the GASB 34 reporting model. Having participated in or completing conversions for over 100 reports, you can be assured that your government will receive a level of service and knowledge that provides your office with the assurance of a solid report while completing the project within the proposed budget and to the satisfaction of your audit team and yourself. All reports sent to GFOA or ASBO associated with Fraunfelter Accounting Services have received the Certificate of Achievement award. There are many areas that Fraunfelter Accounting Services can assist you in besides a GAAP conversion. Having studied the state foundation formula, I have worked with both schools and local governments to provide relevant information regarding the total impact a TIF property has on the total amount the state provides to the affected school district. The analysis can also focus on individual TIF properties for the local government's infrastructure needs. An understanding of how the TIF process works is a must to having a successful relationship with the affected school district.

The logistical organization of ERCO is upon the shoulders of our excellent Administrative Assistant/Office Manager, Sonya Lunsford. Sonya has twenty-five years experience in the clerical field and ten plus years as an Executive Administrative Assistant. She attended Indiana State University in the school of Business Administration and later the University of Cincinnati Raymond Walters College with a concentration on Office Administration/Medical. Mrs. Lunsford plans on continuing her education with the goal of attaining a degree in Business Administration. She successfully incorporates her work experience and educational background with excellent organizational and leadership skills as ERCO's, Executive Administrative Assistant.

Another part of the logistical organization of ERCO is also up the shoulders of Karen Parker our outgoing Receptionist. Karen covers several positions such as secretary and is responsible for accounts payable. Forty-five years experiences gives her the finesse to interchange each position seamlessly and effectively. Prior to her position at ERCO, she held numerous positions of "back office" support that helped in the efficient running of the office. She developed and implemented processes that resulted in time and cost saving procedures. Karen is the pleasant smile as you enter the doors of ERCO. Her warmth and easy communicative skills makes you feel "at home" which is important in overall communications within the office environment.

Definition of Academic Effectiveness

Goal for ERCO Schools – To become or maintain a Tier 1 rating – “Academically Effective”

ERCO believes that the primary role of a highly effective sponsor is to ensure that its schools are achieving at high academic levels. To this end, ERCO developed a tiered accountability system that describes the achievement levels, requirements and support for each tier. Each school receives differentiated support and coaching based on the percent of passing grades on the state report card.

The Ohio State Report Card reports performance by using one (1) to five (5) stars for traditional schools. No overall letter grades were issued for the 2021-2022 school year. Dropout Prevention and Recovery High Schools receive Exceeds the Standard, Meets the Standard or Does Not Meet the Standard designations. These schools were given an overall school rating for the 2021-2022 school year. ERCO has defined an “Academically Effective” school as one that receives Exceeds the Standard, Meets the Standard as the overall DOPR school rating or has an average of 2.5 or more stars for the COMPONENT average on the TRADITIONAL report card.

Requirements

The Community School will be placed in one of the following Tiers:

Tier 1 – “Academically Effective” – If the OVERALL school rating is EXCEEDS the school will receive “AS REQUESTED” monitoring and support from ERCO staff.

Tier 2 – “Moderate” – If the OVERALL school rating ***If the Community School is rated Tier 2:*** is “MEET” the school will receive “MODERATE” monitoring and support from ERCO staff. (Leadership development, data analysis, instructional coaching, curriculum review, compliance assistance, etc.)

Tier 3 – “Intensive” - If the OVERALL school rating is “DOES NOT MEET” the school will receive “INTENSIVE” monitoring and support. (Targeted assistance, leadership development, data analysis, instructional coaching, curriculum review, compliance assistance, etc.)

If the Community School is rated Tier 1:

The school must participate in two required compliance monitoring visits.

The school is required to submit a summary of end of year progress data.

The school is invited to participate in ERCO technical assistance/professional development sessions. Participation is not mandatory.

If the Community School is rated Tier 2:

The school is required to participate in two required compliance monitoring visits.

The school is required to develop and implement a School Improvement Plan.

The school is required to determine growth on stated goals as measured by mid-year and end of the year data.

If the Community School is rated Tier 3:

In addition to all requirements for Tier 2 schools, Tier 3 schools are required to participate in ERCO technical assistance/professional development sessions. Participation is mandatory.

The school is required to determine necessary changes in curriculum and instruction through monitoring identified adult and student indicators. ERCO Academic Coaching will be provided.

The school is required to show improvement on the “Progress”, “Gap Closing”, or “Graduation Rate” component grades. Improvement on local mid-year or end of year progress monitoring measures may also be used to document growth, as approved.

Criteria for: Academic Performance 2021-2022

The **ERCO CRITERIA for ACADEMIC PERFORMANCE** is based on an average of three separate measures. These are: (1) Academic Rubric Score – Progress Monitoring Data (2) Educational Factors Rubric Score, and (3) ERCO Contract Student Performance Measures Rubric Score.

ACADEMIC PROGRESS – TRADITIONAL SCHOOLS

Due to COVID-19, no Ohio Report Card grades were determined. For traditional and DOPR schools, ERCO calculated the growth from each school's Progress Monitoring data from Fall (September), Mid-Year (February) and Spring (June) results. The percent of growth was calculated and applied to the following rubric: scale: 100-90% = rubric score 4; 89-70% = rubric score 3; 69-40% = rubric score 2; 39-0% = rubric score 1.

RESULTS FOR ACADEMIC PROGRESS

Academic Progress for Traditional Schools and Dropout Prevention and Recovery Schools show moderate and sustained progress for ERCO schools. Given that these results are not based on the Ohio Report Card grades, they should not be compared to results from previous years. Six schools (25%) received rubric scores of 4.00, EXCEEDS THE STANDARD. Seven schools (29%) were rated MEETS THE STANDARD, ten schools (42%) were rated APPROACHES THE STANDARD, and one school (4%) rated BELOW THE STANDARD.

EDUCATIONAL FACTORS

This measure provides a score for educational factors that are correlated to academic achievement. ERCO's educational factors included in this measure are: (1) Instruction and Materials Alignment; (2) Assessments, Extensions and Interventions; (3) Professional Development and Coaching; (4) Use of Data; (5) Adult Implementation; and (6) Positive School Climate. Data for this measure is collected from ERCO virtual site visits and school self-evaluation. A discussion of educational factors took place with school leaders in March 2021. The final rating was then determined.

RESULTS FOR EDUCATIONAL FACTORS

Results from examining educational factors in Traditional and Dropout Prevention and Recovery Schools show that ERCO schools are working hard to address COVID-19 instructional challenges. Schools were asked to select a remote learning model for their schools. ERCO schools used a variety of on-line tools and take-home packets to engage students and their families. School Improvement Plan (SIP) implementation and professional development were discussed. Schools completed a self-evaluation, rating each component on a four-point rubric. The virtual site visits from ERCO and the local State Support Teams confirmed evidence related to each indicator. School climates were positive and productive. The challenge for many ERCO schools continues to be technology access for all families. Three schools (13%) received a rating of EXCEEDS THE STANDARD. Nineteen schools (79%) were rated MEETS THE STANDARD. Two schools (8%) were rated APPROACHES THE STANDARD.

ERCO CONTRACT – STUDENT PERFORMANCE MEASURES - ATTACHMENT 3

This measure provides a score for five performance goals identified in the ERCO contract. These include two measures that focus on the progress of subgroups. The contract also includes two non-academic goals: attendance, discipline, student engagement, etc. The final measure is a Mission Specific/School Specific goal. The schools receive technical assistance in completing and refining these goals.

RESULTS FOR ERCO CONTRACT – STUDENT PERFORMANCE MEASURES

ERCO added contract goals as a measurable indicator during the 2020/2021 school year. This was done to better align ERCO school performance evaluations to each school's contract measures. The Attachment 3 of the ERCO contract focused on five student performance measures monitored during the school year. Two schools (8%) were rated EXCEEDS THE STANDARD. Ten schools (42%) were rated MEETS THE STANDARD. Ten schools (42%) were rated APPROACHES THE STANDARD. Two schools (8%) were rated BELOW THE STANDARD.

YEARLY AVERAGE (YA) ACADEMIC PERFORMANCE RATING

The Overall ERCO (YA) ACADEMIC PERFORMANCE rating was calculated by averaging three measures: 1) Academic Rubric Score, (2) Educational Factors Rubric Score and (3) Student Performance Measures Attachment 3 Rubric Scores. The average score was then applied to determine the ERCO rating. See scale below:

- 4.00 - 3.50 = EXCEEDS STANDARD
- 3.49 - 2.50 = MEETS STANDARD
- 2.49 - 1.50 = APPROACHES STANDARD (DID NOT MEET)
- 1.49 - 0.00 = DOES NOT MEET STANDARD

ACADEMIC PROBATION CALCULATION

Each ERCO school will be rated on a 4-point rubric scale in each of the following categories: (1) Academic Performance/Progress, (2) Educational Factors, and (3) Student Performance Measures. The three scores are averaged, and the resulting score is known as the Yearly Average Performance Score (YA).

If the Yearly Average (YA) scores for two of three consecutive years are less than 2.50, the school will be placed on Academic Probation. If the school receives an additional Yearly Average score below 2.50 within the following 2-year period, the school will be subject to termination. ERCO retains the right to grant exceptions in certain circumstances, including but not limited to: change of leadership, adoption of a new curriculum, or implementation of a new behavior management program. ERCO will not use the 2020-2021 Yearly Average (YA) score to determine academic probation for this year only, due to COVID-19 limitations.

ERCO’s school contracts require a clear focus on continuous academic improvement, an adoption of research-based strategies and practices, and strict compliance with the mandates and laws of the state of Ohio. To that end, ERCO provides academic guidance and technical assistance to assist school leaders in reaching these goals. ERCO’s academic support is tiered, giving more intensive time and direction to the most challenged schools. Tier 1 - “Academically Effective” schools may not require additional assistance. However, assistance can be requested at any time. Tier 2 – “Moderate Support” and Tier 3 – “Intensive Support” schools are required to develop a School Improvement Plan (SIP). Each SIP has SMART goals and is data driven. School Improvement Plans are monitored two times per year, based on the needs of the school. Monitoring is done by ERCO staff and/or ODE State Support Teams to ensure that schools are using effective practices, collecting data, implementing strategies and programs with fidelity, and providing timely intervention. Additional time and attention were provided to Tier 3 schools as needed or requested.

Performance on ERCO Contract Goals – STUDENT PERFORMANCE MEASURES

Each school tracks annual progress on five student performance measures listed in their current contract. Evidence and progress are presented at the end of the school year and the results are scored. The results for the 2021-22 school year are as follows:

- Sixteen schools (70%) - MADE PROGRESS ON 80% OR MORE OF THE GOALS
- Three schools (13%) - MADE PROGRESS ON 60% OF THE GOALS
- Four schools (17%) - MADE PROGRESS ON 40% OR FEWER GOALS

Year opened: 2016 Grades served: K-12 Enrollment: 247

MISSION STATEMENT

The Beacon Academy will promote intellectual and personal development through professionally focused, summative and formative learning opportunities, preparing students to succeed, lead, and serve. The School will be dedicated to providing student-centered services in a professional and compassionate manner, utilizing highly trained and committed staff to individualized educational strategies that will empower each student to succeed in a cutting-edge learning environment.

Educational Plan

The educational approaches that Beacon Academy takes at addressing the needs of the whole child are research based and scientifically sound, with techniques that have been proven to be highly effective with this population. Therefore, Beacon Academy will implement a model where a student learns at least part through online delivery of instruction. The Beacon Academy program of computer-based instruction is designed in such ways as to allow each student to progress at his or her own pace. This builds success and, in turn, self-confidence. Computer based learning with a multimedia format is highly visual, interactive and more engaging, than getting information solely from traditional academic text. The visual demonstrations within the lessons aid in making information understandable to right brained students, which make up sixty-five percent of the population. Left-hemispheric curriculum of reading, handwriting, and calculating are obsolete.

MISSION STATEMENT

At Central High School, we believe the following: (1) Every student deserves an environment that enables them to achieve to their potential, (2) We respect our work and each other, (3) We use data to inform our decisions and measure our success. This mission will be served by providing the School's students with an individualized and self-paced program set in a flexible scheduling environment that is responsive to its students' needs, and by providing an education experience that leads to a high school diploma (not a GED) and post-secondary success. Central High School will provide a comprehensive, positive educational experience that will impart to each student the knowledge, desire, and confidence needed to succeed in reaching his/her goals. The school will strive to motivate, teach, and guide each student through his/her educational growth and development. This will be accomplished by emphasizing the development of both cognitive and social skills. Central High School offers a safe, secure, clean environment, and researched field-tested educational programs which have proven very successful in educating at-risk students. The program provides the opportunity for parent involvement and community engagement.

Educational Plan

Central High School will utilize the Apex Learning digital curriculum that is aligned with state standards and offers a component that allows teachers to differentiate instruction and address diverse student needs. Students become more engaged because they can progress at their own pace, taking as much or as little time as necessary to master the material. Direct instruction incorporates multimedia along with instructional text to provide students with multiple representation of concepts as well as addressing their different learning styles. Formative assessments help students gauge their understanding and improve performance, while summative assessments chart progress and skill development. Learning standards will incorporate like critical thinking and problem solving skills that will prepare students for college and career.

MISSION STATEMENT

The mission of Cincinnati Technology Academy is to provide an effective, consistent, and academically rigorous education in a safe, disciplined, and nurturing environment. We will empower students to reach their fullest potential by implementing a comprehensive curriculum facilitated by highly effective educators in collaboration with families and the community and supported by progressive technology.

Educational Plan

A Framework for a 21st Century K-12 Instructional Model: One of the most fundamental ideas of our American democracy is the notion that through education one can transcend his economic status. This is a transformation in social status that would be practically impossible in many economic and political systems around the world. Unfortunately, this ideal of education as a vehicle of hope has not materialized for many. With dropout rates over 50% in our urban areas, and 68% of prisoners who lack a high school diploma (Harlow 2003), the hope of education has been dampened by this level of failure in our public school system. There are many arguments about the causes of this failing, and numerous ideas for change. Almost all the school improvement literature focuses on the idea of mastery learning by each student. Traditional educational practices do not take this approach.

Educational Plan

The City Day Community School's Education Plan is designed to help maximize the skills and abilities of our students and our staff. Increasing our student's level of academic success, and their test scores on the Ohio Achievement Assessment (OAA), is one of City Day's major goals for the upcoming school years. With the current statistical data, we realize that increasing test scores on the OAA is a daunting task that will require our students to endure strenuous academic training that will be designed to help them retain delivered knowledge, and bring them up to their correct academic levels.

Year opened: 2005 Grades served: 9-12, UNG Enrollment: 338

MISSION STATEMENT

C.A.S.T.L.E. students will have an opportunity to experience academic success combined with cognitive, emotional and social development. We strive to achieve this in a highly structured, disciplined, safe and caring environment. We aim to cultivate leaders who are well-rounded and productive citizens. We will accomplish this by setting high expectations, incorporating innovative programs and encouraging parental involvement. We are built on a holistic philosophy that emphasizes a co-educational plan.

Educational Plan

Student Learning Plans (SLPs) are established when a student enrolls in C.A.S.T.L.E. These are intended to be living documents and will be revised as needed, particularly as students complete courses and earn credits. Students will be assigned courses that are aligned with the graduation requirements in the state in which they reside. Additionally, students will complete all state required tests. Individual Learning Plans as a roadmap that leads to earning a diploma. Regular meetings with the assigned Teachers and the Guidance Counselor will provide an opportunity to review progress and reestablish plans.

MISSION STATEMENT

The DAMPE will partner with families in the Greater Cincinnati area to enable every child to reach his or her highest academic potential.

Educational Plan

We will employ Ohio Department of Education's model curriculum for all content areas. This will allow teachers to plan the instruction and the teaching techniques for their students that will "help them gain the knowledge and skills called for in Ohio's Learning Standards." This model curriculum is aligned with the common core standards and the state mandated assessment. What follows is a starting point for more extensive work in our curriculum development; work that we would take on within an expanded curriculum development team.

Year opened: 2010 Grades served: K-8 Enrollment: 132

MISSION STATEMENT

The mission of East Bridge Academy has four components: (1) Prepare students with 21st century skills including using informative and communications technology (ICT) to gather and assess information, collaborate, be innovative, think critically, solve problems, promote knowledge, wisdom and understanding to all stakeholders that empowers success in our global society. (2) To achieve this goal, the teaching and learning culture must build positive relationships with all students and their families in order to gain trust and respect while providing an opportunity for active engagement and adapting programs and practices to achieve full student potential. (3) Create a productive learning environment featuring nontraditional methods of instructional delivery and high expectations that involve parents and families. (4) Ensuring students reach their full potential, are prepared to be successful in life after graduation and enter a global society that requires being trained in the utilization of various technological tools.

Educational Plan

The East Bridge model is built on the concept of empowering students with 21st Century skills. Our curriculum is aligned to Ohio's New Learning Standards. The New Learning Standards guide all aspects for the learning environment. Content offers both remediation and enrichment for all students. This model enables our students to meet Ohio's new Learning Standards and gain critical 21st Century skills. The educational approaches the East Bridge takes at addressing the needs of the whole child are researched based and scientifically sound, with techniques that have been proven to be highly effective with this population. Therefore, East Bridge will implement a model where a student learns at least part through online delivery of instruction. The East Bridge program of computer-based instruction is designed in such ways as to allow each student to progress at his or her own pace. This builds success and, in turn, self confidence. MISSION STATEMENT

Mason Run High School is a student-centered organization delivering excellence in education. The team is committed to our students, our communities, and each other. We believe that our cohesion and morale help us to achieve excellence in the school. Our commitment to the students and our dedication to impacting their education through innovative methods makes us unique. At Mason Run High School, we believe the following: 1) Every student deserves an environment that enables them to achieve to their potential, 2) We respect our work and each other, and 3) We use data to inform our decisions and measure our success.

Educational Plan

Mason Run High School will utilize the Apex Learning digital curriculum that is aligned with state standards and offers a component that allows teachers to differentiate instruction and address diverse student needs. Students become more engaged because they can progress at their own pace, taking as much—or as little-time as necessary to master the material. Direct instruction incorporates multimedia along with instructional text to provide students with multiple representations of concepts as well as address their different learning styles. Formative assessments help students gauge their understanding and improve performance, while summative assessments chart progress and skill development. Learning standards will incorporate like critical thinking and problem solving skills that will prepare students for college and career.

MISSION STATEMENT

The mission of Miami Valley Academy is to provide a quality lifelong education based on individuality, opportunity, creativity, community pride, and belief in each person's ability to learn.

Educational Plan

High-risk students are unsuccessful not because they do not want to succeed, but rather due to not having a system that is designed to meet their needs. Miami Valley Academy is based upon the premise that high-risk students have different needs, learn at different rates and have diverse learning styles. Currently these are not being addressed by traditional public schools, causing many high-risk students to be disengaged and apathetic toward school. Whereas many schools focus mainly on providing educational services, Miami Valley Academy, by contrast, is multi-dimensional. The Miami Valley Academy focus is holistic—encompassing the whole body, mind and emotional well-being of a student. This holistic approach is taught and promoted throughout the course of the school year. We view each student as having strengths not deficits and our programs and practices are adapted to provide the support each student requires to achieve their fullest potential.

MISSION STATEMENT

It is the Center's mission to provide the "opportunity for success" to, and motivate and instruct, these students who fail to learn in traditional school settings and have decided to drop out of the school system. Included in this population are students described as generally disruptive with chronic behavioral issues, students who have been suspended or expelled, and students with special needs. It will advocate student achievement in school and in life via individualized learning that ensures every student meets all expected performance standards, graduates, and is able to compete on a global scale.

Educational Plan

Our Center will provide learning opportunities for students in direct, individual and group instructional settings utilizing high quality curriculum and resources, including online learning labs. Moreover, students receive optimum personal attention, and are provided access to a wide range of high quality resources. As such, all requirements of students' Individualized Educational Plans (IEPs) will be met, and bilingual staff will work with Limited English Proficient (LEP) students and families.

MISSION STATEMENT

The Bessie Sherrod Price Preparatory Academy's mission is to develop caring, engaged citizens and thoughtful learners.

Educational Plan

Academic Excellence is the main goal of the administration, staff, and board of the The Bessie Sherrod Price Preparatory Academy. We are continually looking at ways to strengthen the academic program. All students will receive instruction in all core subjects: reading, math, social studies, and science. The students in grades 4-8 will receive Mandarin Chinese and Multi-Media classes. K-3 students will receive Art and Music enrichment classes. The school is extended with direct intervention and after school tutoring services. The Bessie Sherrod Price Preparatory Academy is a public charter school dedicated to excellence in the multimedia arts. Students will study a core curriculum expanded to include intensive inquiry into journalism, speech, broadcasting, graphic arts and computer/digital literacy.

MISSION STATEMENT

“The Brilliance School, in partnership with parents and the community, will provide a nurturing environment, and develop the full potential of these gifted students within the Autistic Spectrum Disorders using a multidisciplinary approach addressing individual needs.”

Educational Plan

The Brilliance School provides a humanistic learning environment for children with Autistic Spectrum Disorders. Educational and scientific research indicates that highly structured, intensive education, especially in the early grades is the most appropriate teaching method for students of this population. In a collaborative effort with parents, The Brilliance School has developed an innovative program to accommodate the individual needs of each student. Each aspect of the program represents a continuum of services and environments from the most restrictive, to transition to a regular community involvement.

Year opened: 2006 Grades served: K-12 Enrollment: 487

MISSION STATEMENT

The mission of the Zenith Academy is to provide challenging rigorous academic program that aligns to the Ohio Curriculum Model to all students within the geographic attendance area of Columbus. All students are able to enroll including the special student population group that is challenged by Limited English Proficiency (LEP) and comes with interrupted educational background. Through rigorous academic development, character education, partnership with parents and community, and the provision of a nurturing environment conducive to learning, the Zenith Academy provides high quality, global conscious and competency-based education. Through the inclusion of character traits and proper behavior, and good attendance, ZA graduates students who are successful life-long learners and responsible citizens of their school community neighborhoods, and beyond. The need for this school will continue due to the growing diverse population of central Ohio.

Educational Plan

Zenith Academy uses the Ohio Content Standards as the basis to develop its curriculum and instruction for kindergarten through grade ninth. Alignment with the Ohio Content Standards ensures student preparation for the OAA/OGT. The curriculum will be sequentially developed for kindergarten through grade ninth, with emphasis placed on mastery at grade level and special intervention for at risk students. In addition, ZA will integrate Character Education throughout its curriculum. This aspect of the program is critical to the identity and overall success of ZA.

2021-2022 Overall Sponsor Rating for Educational Resource Consultants of Ohio

Overall Sponsor Rating

Effective

Sponsor Rating	Points
Exemplary	10-12
Effective	7-9
Ineffective	3-6
Poor	0-2

The Ohio General Assembly passed legislation that created a safe harbor for sponsors from penalties based on the 2021-2022 evaluation. The legislation, however, also allows a sponsor to use its 2021-2022 evaluation rating to qualify for any incentives for which the sponsor is eligible. The maximum number of overall points a sponsor can receive is twelve.
